

Wankdorf Center

Berne (Switzerland)

Wankdorf Center is situated in Berne in the heart of Switzerland. Included on the premises are the „Stade de Suisse“ stadium and a prestigious shopping centre.

As the name suggests, Stade de Suisse is the home stadium of the Swiss national football team. Opened in the summer of 2005, it is set to draw thousands of fans as one of the venues for the 2008 European Football Championships. With its total capacity of 32,000, the stadium is one of the largest sports venues in Switzerland. A shopping centre on the premises houses a Coop Megastore and 35 specialist shops offering visitors a pleasant shopping experience.

Berne (Switzerland)

Project Details

Installation date	August 2005
Automatic Payment Machines	7
Entrance Columns	2
Exit Columns	2
Parking spaces (total)	700
System application	APT 450
Data carriers	Barcoded, Key-cards

The SKIDATA access solution offers shoppers and sports fans at Wankdorf Center exclusive use of the on-site parking facilities. Professional parking management with SKIDATA technology enables the operator to make full commercial use of the 700-space parking area.

The SKIDATA solution platform is characterised by its open interfaces and third-party product integration for maximum customer satisfaction. A visual guidance system makes it easy for patrons to navigate through the car park. A special car park section is reserved for VIP card holders, who can enter and exit the parking premises quickly and easily by using their permit in the form of a SKIDATA Keycard.

Special Feature

- Combined parking access and revenue control solution for stadium visitors and shoppers
- Integration of the SKIDATA solution into existing third-party systems (Parking Guidance System)
- VIP section for exclusive use by VIP card holders:
- contactless entrance and exit with SKIDATA keycards
